

Extra Honor Technology Co., Limited

Spot Buy Service & PPV Projects & BOM Kitting & Excess Liquidation

EXTRA HONOR TECH CO., LTD.

EXTRA HONOR TECHNOLOGY CO., LIMITED is an industrial leading hybrid distributor of electronic components, it is an expert in solving urgent, scarce and hard to find materials. Which is committed to provide comprehensive electronic components supply chain solutions for Original Equipment Manufacturers (OEM), Original Brand Manufacturers (OBM), Contract Manufactures, Electronic Manufacturer Service (EMS) providers and Design Houses.

We provide products and services over all areas of the electronics industry, including: Automotive Electronics, Computers and Peripherals, Communications, Industrial Control, Automobile field, Security, Power Supply, New Energy, Medical Equipment, etc.. We also provide service such as Spot Buy, BOM Kitting, Excess Stock Liquidation, PPV projects and other Value Added Services. At the meantime, as the Authorized Distributor for SEI and Unigen, we provide technical supports and solutions for full range of resistive products as well as memory, wireless module products, etc., from Design In, Sample Run, Pilot Run to Mass Production for new projects.

星火高科有限公司是一家业界领先的电子元器件混合型分销商，是对于紧急、紧缺和难找物料的解决专家。我们致力于为原始设备制造商（OEM），原始品牌生产商（OBM），电子产品合约生产商，EMS（Electronics Manufacturing Service）提供商以及方案设计商（Design House）提供全面的电子元器件供应链解决方案。我们提供的产品和服务涉及电子业的各个领域，其中包括：汽车电子，电脑及其周边设备，通信，工业控制，汽车领域，安防，电源控制，新能源，医疗设备等。我们不仅能为各个领域的客户提供包括：现货采购，物料清单配套，呆滞库存处理，降低采购成本以及其它增值服务。从新产品研发设计开始，到样产、试产、量产，提供全方位的支持。

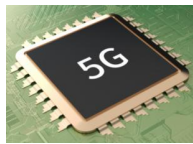

EXTRA HONOR TECH CO., LTD.

Services – 服务

In the highly cyclical electronic industry, changes in market conditions will lead to unexpected parts shortages, thereby endangering factories' original production order and even the timely shipping.

Meanwhile, the risk for spot buy procurement is especially high and without discretion, production stagnation can be caused and also hidden dangers for product qualities. Therefore, a good choice of spot buy supplier is rather important.

在周期性很强的电子工业界，市场情况的变化会导致意料之外的零部件短缺，从而危及到工厂原本有序的生产计划，严重时甚至会危及工厂出货的即时性。同时，现货采购风险尤高，如不谨慎，不仅会导致生产陷入停滞，更会产生品质隐患。因此，选择合格的现货供应商，尤其重要。

EXTRA HONOR TECH CO., LTD.

Services – 服务

The electronic manufacturing services industry today is a fully competitive market, in which procurement of materials at standard cost usually can only bring a gross margin of 5%-10% to the service factories.

现今的电子加工服务行业已经是一个充分竞争的市场，如果仅依靠标准采购成本采购物料进行加工服务，通常只能为服务工厂带来5%-10%的毛利率。

EXTRA HONOR TECH CO., LTD.

Services – 服务

Providing procurement-cost-reducing services to maximize profit from standard cost.

提供降低采购成本服务，在标准成本的基础上让利润最大化

EXTRA HONOR TECH CO., LTD.

Services – 服务

Providing EOL, cold shutdown, small batch and maintenance use components or parts, to greatly improve your procurement efficiency.

提供已停产、偏冷门、小批量及维修用电子元器件和配件，大大提高您的采购效率。

EXTRA HONOR TECH CO., LTD.

LOCATE KEY COMPONENTS

Our experienced purchasing team ensures our customers to be confident that we get the quality components in time.

- ☆ Rapid Delivery of Hard-to-locate Components
- ☆ Global Pricing and Supply Chain Resources
- ☆ Timely and Efficient Interactions

PPV PROJECT

With global sourcing network, we can help our customers with rapid and efficient access to potential resources around the world

- ☆ Powerful Information Platform
- ☆ Joint Procurement with EMS
- ☆ Long Term Stocking Program

INVENTORY MANAGEMENT

Rapid and effective disposal of slow moving stock is an indispensable means of revitalizing capital and increasing competitive advantages

- ☆ Excess Inventory Liquidation
- ☆ Cost Reduction BOM purchasing
- ☆ Prompt Purchasing Support

EXTRA HONOR TECH CO., LTD.

Quality Control – 品质控制

Vendor Qualifying: EHT sources components from qualified reliable and reputable vendors. Our vendor rating system assures that we receive only top quality parts while all these suppliers will be continuously evaluated, classified and monitored.

供应商鉴定： EHT只接受合格、可靠及有声誉之货源。我们的供应商甄别系统可以确保我们只收到符合品质要求的物料。并且我们会持续对供应商进行评估、分类和监控。

Function Test: All key functional parts like CPU, Memory, HDD, Panel... have to be installed and verified by engineers.

功能测试： 所有关键器件如CPU、内存、硬盘、面板... 都必须上机验证。

EXTRA HONOR TECH CO., LTD.

Quality Control – 品质控制

Lab Test: To avoid loss being caused by counterfeit and inferior products from the semiconductor market, EHT cooperates with the third party, authorized testing organization and other test labs to provide through professional testing services.

实验室检验：为彻底消除伪劣产品带来的危害，EHT与第三方实验室、授权测试组织及其它实验室合作，可对所有产品进行深度专业测试。

EXTRA HONOR TECH CO., LTD.

Quality Control – 品质控制

Lab Partners: We choose the following reputable laboratories as our quality partners.

实验室伙伴： 我们选择以下实验室机构作为我们的品质合作伙伴。

WHITEHORSE
LABORATORIES

External Visual Inspection (EVI)

Material Analysis (XRF)
